THRILLING HOLD-UP.
Sick Tenderfoot Is a Hero.
Stage Loaded With Eastern People Is Halted In Colorado Wilds.

Barking of Automatic Surprises Bandits—They Flee in Alarm.

Philadelphia Financier Is Cool During Exciting Experience.

OURAY (Colo.) July 29.—[Exclusive Dispatch.] A stage hold-up of the most daring "stick-ups" of the early days of the Wild West, but which failed of its object because of the courage of a sick tenderfoot from Philadelphia, was enacted in the hills near Ouray at dusk last night. Two masked men, armed to the teeth, assailed a party of men and women, most of them from Pennsylvania and New York, while they were returning from a picnic, and, after bringing the stage to a standstill, were prepared to rifle their intended victims' pockets. Samuel McCurdy, a retired financier of Pittsburgh, who is here in connection with his mining properties, opened fire on the robbers with an automatic revolver. The hold-ups were taken by surprise by the bandits and lost their nerve, taking to their heels. It is believed they mounted their horses, which were secreted near by, and took to the hills. The Sheriff went to the scene but found no trace of the would-be hold-ups.

AN INSPIRATION.
"It was just an accident that I took that gun along with me," said McCurdy. "I had been here for several days and failed to find any use for the weapon and put it away. Something told me that I had better take it along with me and I put it in my pocket without any real expectation of using it. I had not the slightest thought of a hold-up."
"It was the first thing of the kind that I have ever figured in or ever want to be in. We came out all right, but some of the women have not recovered from their scare yet."

STAGE PASSENGERS ROBBED IN TEXAS.
[ASSOCIATED PRESS NIGHT REPORT.] EL PASO (Tex.) July 29.—A special from Silver City, N. M., says: "Mariotti's mail stage, which left Mogollon at 3 o'clock yesterday morning, was held up by two masked robbers a short distance out of Mogollon, and \$600 taken from two women passengers. The robbers did not touch the mail pouches and packages and, after robbing the women, immediately fled to the mountains. The stage driver believes the robbers were Mexicans."

RACE RIOT IN THE SURF.
Negro Bathing at Coney Island Badly Beaten Before Rescued by Police.

NEW YORK, July 29.—[Exclusive Dispatch.] A race riot in the water caused unusual excitement and brought out the police reserves at Coney Island today. A crowd of angry men and boys numbering over fifty charged into the surf and attacked with sticks and stones two negroes, Frank Davis and Bryant Paul. The negroes came to the beach in their bathing suits, and were no sooner in the water than objection was raised to their going in. This soon grew into an angry uproar and then, arming themselves with sticks and stones, men and boys made for the intruders. Both

NO MAN REPRESENTS ME, OR HAS ANY AUTHORIZATION TO SPEAK FOR ME in the matter, or in any similar matter concerning a contest for a nomination, and I wish to state with all possible emphasis that I am not taking part, one way or another, in this or any similar contest for nomination. ANARCHIST CONFESSES PLOT TO KILL QUEEN.

Man Picked to Murder Dowager of Italy on Anniversary of Assassination of King Humbert Confesses to Police Then Commits Suicide.

MILAN, July 29.—[Exclusive Dispatch.] An anarchist plot to murder the Dowager Queen Margherita was discovered today, the tenth anniversary of the assassination of her husband, King Humbert, who was slain at Monza on July 29, 1900. The man who was chosen to execute the decision of the revolutionary group gave himself up to the police and, after confessing his part in the plot, committed suicide in prison. For several days the police have noted signs of activity among the radical element, and several arrests have been made. The various groups constituting the anarchistic party in this

IN SPITE OF TROOPS RIOTERS DO DAMAGE.

COLUMBUS (O.) July 29.—The presence of three regiments of the Ohio National Guard did not intimidate Columbus rioters, and tonight's disturbances proved the worst since the car strike began. A score of imported employees of the Columbus Railway and Light Company were injured by stones, bricks and other missiles and by 10 o'clock the car service, which had been resumed at 4:30 following the return at noon of Gov. Harmon to the city, was suspended and cars were taken to the barn for the night. Mayor Marshall late tonight said he was disappointed in the aid lent by the militia. He declared they should remain in their camps unless summoned to points where rioting broke out. When nightfall came, the union sympathizers began attacks on cars in all sections of the city. They defied the

SLEUTHS TRAIL WIFE AND CAPTURE WIDER.

NEW YORK, July 29.—A frail little man with gray eyes and hollow cheeks in whose manner and presence there was nothing to suggest that single-handed he had cooly lifted \$200,000 in bonds and stocks from the strong box of a bank, was arrested today in a downtown restaurant, not five minutes' walk from the bank he had robbed. He was Erwin Wider, the missing cashier of the Russo-Chinese Bank. In the Court of General Sessions, his lawyer, Leon Ginsberg, said he would plead guilty, and he was committed to the Tombs in default of \$25,000 bail. Ginsberg, vainly pleading with Judge Foster to reduce the bail, declared Wider had not a cent of money left. "It was all swallowed up in Wall street," he said. Almost as Wider was arrested, the grand jury handed out an indictment against him, charging specifically that

MORE TROUBLE IN HIGH LIFE.
Mrs. Philip Van Valkenburgh, Wife of Millionaire Clubman, Will Start Suit for Divorce.
NEW YORK, July 29.—[Exclusive Dispatch.] Papers in a suit for divorce, on statutory grounds, will be signed tomorrow by Mrs. Philip Van Valkenburgh, wife of the millionaire clubman, who left her at the Hotel St. Regis, two months ago, after a brief honeymoon. This became known today, when Mrs. Van Valkenburgh, looking even prettier, if possible, than she did when, after a romantic courtship, she was married six months ago, returned to the St. Regis from Newport. She said she would sign the papers as soon as her counsel, Edward Lauterbach, returned tomorrow. The beautiful young woman, whose

RED TAPE UNROLLED TO ENMESH CRIPPEN.

Inspector Dew of Scotland Yard Lands at Father Point and Completes Plans to Surprise Fugitive Who Escaped Him.

FATHER POINT (Quebec) July 29.—The man who holds the key to the Crippen case, Inspector Dew of Scotland Yard, arrived today on the steamship Laurentic from London and is waiting here to unlock the secret of the Montrose mystery. Dew is the English police officer who made an examination of Dr. Hawley H. Crippen's home in London after the disappearance of the doctor's actress wife, Belle Elmore. He made an appointment to meet Crippen later, but before the date arrived the cellar of the Crippen house unearthed the mutilated remains of a woman and Dr. Crippen was a fugitive. Inspector Dew probably is the only man in America tonight qualified to say with certainty whether the two suspects who sailed on the Canadian Pacific liner Montrose from Antwerp on July 29 under the name of John Robinson and John Robinson, Jr., are Dr. Crippen and his typist, Ethel Clara Le Neve.

CHIEF IS CONFIDENT.
He will board the Montrose when she stops here to take her river pilot, seek out the two persons on board whom Capt. Kendall believes are Crippen and Miss Le Neve and if he clinches the captain's suspicions, the so-called "Robinson" will be arrested by the Canadian police officers who are waiting here with warrants charging Crippen with the murder of an unknown woman. His companion will be held as an accessory. Chief McCarthy of the Quebec police, who met Dew here today, says he is confident the suspicions of the Montrose's skipper will prove correct. The wireless station here retransmitted all day with messages between the Canadian authorities, the Scotland Yard inspector and the captain of the Montrose. An immense amount of red tape had to be unrolled before the London detective could be landed here from the Laurentic. Father Point has no quarantine and no customs inspector, but Capt. Jean Baptiste Deinger of the tug which pilots the boats aboard incoming liners, received orders from Ottawa authorizing him to take Dew off.

SWORN TO SECRECY.
When the pilot boat left here at 3:30 o'clock the carried two physicians especially authorized to inspect the Laurentic. The long-expected detective proved to be a large, dark-faced man wearing a long black ulster, a black derby and a dark, impenetrable reserve. He was dressed in a dark suit and a dark tie, and he declined to discuss the case. "I am sworn to secrecy," he said. "I can answer any of your questions, but I cannot say more than I am authorized to say." AUTHENTIC NEWS OF STEAMER'S SUSPECTS.

MONTREAL, July 29.—The Montreal Star prints the following message, which it states was received this morning from Capt. Kendall of the Montrose: "Dr. Crippen and Miss Le Neve, I am confident, are on board. He is still wearing a moustache growth and is wearing a dark suit. Dr. Crippen has no suspicion that his identity is suspected. The other passengers also are ignorant of his identity. Miss Le Neve remains from talking. The pair have no baggage. They cannot be parted and are very reticent. Dr. Crippen has stated that he has traveled much. He puts in much of his time reading books. He is very sleepless at night. "I first suspected the identity of the couple two hours after leaving Antwerp, when I got the first clew. Dr. Crippen says with regard to his companion, who is disguised as a boy, that he is taking him to California. The

Republicans and Socialists Stir Up Bitterness Pope's Demand.

SAN SEBASTIAN (Spain) July 29.—At the conclusion of a conference this evening between King Alfonso and Don Sebastian, the Spanish Ambassador to the Vatican had been recalled. At the same time the king was expressed that rupture with the Vatican was inevitable. Canalejas told the king the government could not accept conditions of the Vatican's note and that the Vatican was so informed. Premier Canalejas will trace his anti-clerical program counting on the support of Alfonso.

MADRID, July 29.—[Exclusive Dispatch.] State-wire revolution threatened to break out at a moment, as the result of the news from the Vatican, which on negotiations toward the Concordat will be considered other matters in dispute are up. It is feared that both Carlist Republicans will take advantage of the ferment and attempt to overthrow Alfonso. Every preparation is made to meet any uprising. The entire civil guard, Spanish military police, is held in readiness for any emergency. Ominous reports are received of a rupture between the Spaniards and the Vatican agreement.

WOULD LEAD CARLIST.
At San Sebastian, Don Sebastian, Carlist pretender, has issued a manifesto which he says that he will Carlists in the battle, which may be coming soon. Don Jaime today issued a manifesto to the Carlists in Parliament, granting them upon their part in the Pope and the defense of the church, and declaring: "I think the day is not far when my followers must rally flag. It will lead the battle."

Baby Girl Born to Daughter of Only Son of Sara Bernhardt.
LONDON, July 29.—[Exclusive Dispatch.] Sara Bernhardt became a great grandmother today, when Mrs. G. G. daughter of Madame Bernhardt's son, Maurice, gave birth to a daughter. Mrs. Bernhardt is 66 years old. Her child is named Maurice, whose father married Leo Gross. Mrs. Gernhardt is rightly proud being a great grandmother. "This is the crowning glory of my life," she said today.

RENTS ATTRACTIVE HOME IN SAN FRANCISCO.

He Begins His Labors Early Each Morning and His Wife Is Planning to Entertain Extensively—Couple Begin Career Under Auspicious Circumstances After Honeymoon.

(BY DIRECT WIRE TO THE TIMES.)
SAN FRANCISCO, July 29.—[Exclusive Dispatch.] Theodore Roosevelt, Jr., son of a famous man, who is not content to rest upon his father's laurels, who has just returned with his bride from Southern California, is preparing to begin the serious work of carving out a reputation for himself.
At Avalon, Mr. and Mrs. Roosevelt enjoyed some good fishing, as well as the other sports of the island, and Mrs. Roosevelt captured a game tuna, which made her the envy of some of the less-fish women.
The young Roosevelts have taken a house at No. 1916 Pacific avenue, owned by Rudolph Spreckels, and there Mrs. Roosevelt is making ready to set up her household goods.
It is an attractive residence and will make a charming setting for the many wonderful gifts, which marked the wedding of the former President's son and one of New York's belles.
Mrs. Roosevelt is an attractive girl, socially accomplished, and her home will doubtless be the center of much delightful entertaining. Young Roosevelt will at once take up his duties in the large local career firm, with whom he will learn the business. He will go to work every morning at 9 o'clock.

FRIENDS FEAR FOUL PLAY.

Young Man With \$300 Leaves San Francisco Rooming-house and Disappears—Police Seek Him.

(BY DIRECT WIRE TO THE TIMES.)
SAN FRANCISCO, July 29.—[Exclusive Dispatch.] The police have been asked to search for Edward Pickens, a resident of Portland, who disappeared in this city on Tuesday night last and whom friends believe has met with foul play.
Pickens was on his way to Reno, Nev., where he has some mining property, and left his apartments at The Dolores, No. 2316 Market street, early in the evening, telling Frank Harsh, the proprietor of the apartments, and an old friend, that he would take in the theaters and return about 11 o'clock. He has never been seen since, and as he had about \$300 in gold in his pocket when he left and was not a drinking man, Harsh fears that he has been foully dealt with.
The missing man is 29 years of age, tall and slender, smooth-shaven and wore a blue serge suit and black derby hat. Detectives have been detailed to make a search for him.

CONSOLIDATION IS NEAR.

TACOMA, July 29.—[Exclusive Dispatch.] Consolidation of Aberdeen and Hoquiam on Gray's Harbor is deemed inevitable and nearer today than at any time during the long discussion.

The two towns have a combined population of 25,000 and if consolidated would become the fifth city in Washington.
The proposed name of "Grayport" meets with general approval and seems certain of adoption. The business centers are but four miles apart. A joint water system is now being arranged for. The chief difficulties are negotiating for consolidation of their plants to issue morning and afternoon editions. By consolidating it is hoped to get the big Federal postoffice, courthouse and customhouse.

Woman Struck by Santa Fe Train Near Avenue—Well-Known Residents.

(ASSOCIATED PRESS NIGHT REPORT.)
STOCKTON, July 29.—While attempting to cross the track in front of a Santa Fe train, near Avenue, in San Joaquin county, this afternoon, Mrs. Sarah Poyner was instantly killed, and her daughter, Miss May Poyner, was so seriously injured that she died two hours later in the Stockton hospital. The women failed to see or hear the train, and the engineer, being on the opposite side of the locomotive, did not see them until too late. The women were thrown clear of the track, and the rig was demolished. The Poyners were well-known residents of the county. John Poyner, the son of Mrs. Poyner, being a large grain farmer.

Rusk Explorers Insist That Dr. Cook Faked.

Steep Cliffs Surround Top of McKinley, They Aver.

Columbia University Party Balks, Too, Is Report.

(ASSOCIATED PRESS NIGHT REPORT.)

SEWARD (Alaska) July 29.—Al Cool and Joseph Redley, members of the Portland Oregonian-New York Herald expedition which set out in April to ascend Mount McKinley and which turned back unsuccessful, arrived in Seward last night. G. E. Rusk, leader of the party, and F. A. Royle, the photographer, were delayed at Crow Creek, eighty miles from Seward, and will arrive tomorrow.

BOTH ARE RETICENT.

Cool and Redley declined to give a detailed statement concerning their experience on the great mountain, which never has been ascended during the summer months.

The two men insist that no party has ever reached the summit and say that 900 feet of precipitous cliffs surround the top. The ascent will only be made, Cool and Redley say, by a large expedition with an extensive outfit and plenty of time.

The Rusk expedition reached the summit of the mountain ascended by Dr. Cook and Edward Barrill, and found the scaling of this peak easy enough, but it was ten miles distant from the summit. Because of shortage of supplies the party was obliged to retrace its steps. The weather conditions were generally unfavorable, the air being damp and foggy most of the time.

TAKE COOK'S ROUTE.

The explorers, in attacking the mountain, took practically the same route as Dr. Cook, beginning the ascent at a point a little northeast. They left Talkeetna, a trading port of the Alaska Commercial Company, on the Susitna River, the last outfitting place, in the latter part of May, ascending the Chulitna River as far as possible in a small boat and then going overland on foot. They came out the same way.

FIRST COOK CHALLENGER.

(ASSOCIATED PRESS NIGHT REPORT.)

SEATTLE, July 29.—The American Geographical expedition to Mt. McKinley, generally known as the Herschel Parker expedition, sailed from Seattle May 5 for Cook Inlet. It was much more extensively equipped than the Rusk expedition, but was not considered for mountaineering. One of its members had done no Alaska mountain climbing.
Prof. Parker was in charge of the scientific part of the work, and Belmont Brown, a veteran mountaineer, directed the field movements. Prof. Parker was the first scientist to challenge Dr. Cook's claim that he had reached the North Pole, and previously had been the first to dispute Dr. Cook's assertion that he had attained the top of Mt. McKinley. Prof. Parker intended to take special pains on this summer trip to analyze Dr. Cook's story of the ascent.

It is thought the failure of the two summer parties will lead to the or-

Tacoma Man Wins Divorce by Telling Humiliating Story of His Wrongs.

(BY DIRECT WIRE TO THE TIMES.)
TACOMA (Wash.) July 29.—[Exclusive Dispatch.] "My wife wouldn't let me see my own children, she was so jealous. When my brother came out from Tacoma to visit me, she tied me to the bedpost so I could not go to him. To prevent me from going to Tacoma, she would hide my hat or coat." So declared John W. Glover of Fern Hill on the witness stand this morning in a plea for divorce from Frances E. Glover. "Once I got as far as the station to take the car for Tacoma, but just before the car came she came out and snatched my hat so I couldn't go." He got the divorce. Recently the Grovers separated and divided their property.

ORGANIZATION OF PARTIES TO MAKE THE ASCENT BY THE FAIRBANKS OR LLOYD TRAIL ONLY NEXT SPRING.

According to Lloyd, the ascent in March from the Fairbanks side is entirely feasible.
The Parker party included, besides Parker and Brown, Prof. J. H. Cuntz of Stevens Institute, Hoboken, N. J.; Herman L. Tucker of Newton, Mass.; Waldemar Grass of Columbia University, and Merle Laroy, an Alaska packer.

VAN LIEW GOES TO GATE.

Head of State Normal Will Not Resign Until After Next Term, According to Reports.

(BY DIRECT WIRE TO THE TIMES.)

CHICO, July 29.—[Exclusive Dispatch.] Dr. C. C. Van Liew, president of the State Normal School at Chico, who has just been acquitted on charges preferred by Miss Ada Clark by the votes of three of the five Normal trustees, has gone to San Francisco.

Dr. Van Liew stated that he would stay in the bay city three or four days, and then return to this city and straighten out some matters pertaining to the school, and will then take a vacation of two or three weeks before school opens.

While there has been considerable talk that Van Liew will resign, it is certain he will not retire until after the next term of school, at least. He declares he has no intention of leaving the school.
Sentinel heartily divided as to whether he is innocent or guilty of the charges preferred by Miss Clark.

SPIRITS BOY FROM MOTHER.

Action of Tacoma Grandfather Who Bribed Child's Playmates May Reopen Legal Battle.

(BY DIRECT WIRE TO THE TIMES.)

ABERDEEN (Wash.) July 29.—[Exclusive Dispatch.] Directing the chauffeur to drive near where a group of boys were playing, and bribing two of them to bring his 7-year-old grandson, one of their number, to him, Joseph Carbone, a Tacoma business man, took little Albert Carbone into the automobile with him and sped away. One other man besides Carbone was in the car.

It is believed that the child was taken by the grandfather to Tacoma and that the act will reopen a fight of many years' standing between the father and mother of the boy. The child was given to the mother and has been kept by his aunt, Mrs. Klavens, who was at one time of the affair and notified the authorities. No trace has yet been found of the machine or its occupants.

CURSED BY LAW.

KLONDIKER SAYS MINERS ARE NOSED OUT IN IDITAROD.

(BY DIRECT WIRE TO THE TIMES.)

TACOMA, July 29.—[Exclusive Dispatch.] Dawson dispatches say the Iditarod is cursed with the power-of-attorney process of staking, according to Charles P. Dolan, the first Klondiker back from the Iditarod.
"As an illustration," says Dolan, "one man who went in last season staked 150 miles of creeks. Others have staked miles and miles. The real miner who now goes has no opportunity unless he accepts a lay. The lays usually are given on the terms of 75 per cent. to the layman and 25 to the owner."
Dolan says the up-river boats from Nome and St. Michael are all crowded beyond their registered capacity with stampedees. Many independent boats are running, and the river is thickly dotted with a picturesque assortment of small craft all the way from canoes and poing boats to gasoline launches and hastily-improvised, wind-looking small steamboats equipped with thawing boilers and hoisting engines for power.

(BY DIRECT WIRE TO THE TIMES.)

SPOKANE, July 29.—[Exclusive Dispatch.] The United Metal Trades Association of Spokane has thrown down the gauntlet to the striking Metal Trades Unions by declaring for the open shop.
The association, which is composed of 25 nearly all the foundries and boiler shops in the city, has posted a set of rules declaring that hereafter workmen will be employed regardless of whether they belong to a labor union. The posted rules say in part:
"We believe that it will be to the mutual advantage of employer, em-

ployers, are responsible for the work turned out by our workmen, we must therefore have full discretion to designate the men we consider competent to perform the work and to determine the conditions under which their help shall be prosecuted.
"We favor the elimination of the restriction of apprenticeship, believing that every boy in America should have the opportunity to learn a trade.
"Employers shall be free to employ their help at wages mutually satisfactory. We will not permit employees to place any restriction on the management, methods or production of our

to participate in this matter, or any similar matter, concerning the nomination of Roosevelt. "I wish to state in the most emphatic manner that I have not taken part in any way in the nomination of Roosevelt. I would like to add, too, that it should be unnecessary for me to repeat this statement over and over again. If I participated in any contest over a nomination, I would be expected to take part in hundreds of such contests."

Pinchot went to California after a conference with Roosevelt, touring the second congressional district for William Kent, candidate for the nomination against McKinlay. It was declared that Pinchot had been sent to California to stump the State for Johnson. Roosevelt, at the time, made a statement that he had taken no sides in the gubernatorial nomination and close friends declared that the President had not sent Pinchot to California.

CAUSE OF TROUBLE.
Pinchot, it was said by friends of both, went to California entirely of his own volition. He is a close friend of Kent, in whose behalf he spoke. Stanton, in whose behalf he spoke, has been using the fact that Roosevelt praised him for his stand on the Japanese school restriction measures when a vote was taken in the California Legislature, and when Stanton was speaker of the Assembly. Because he has used this fact in his campaign, some of his friends charged that he had been deliberately used against him in favor of Johnson.

STANTON'S BROTHER VERIFIES REPORT.
[BY DIRECT WIRE TO THE TIMES.]
NEW YORK, July 28.—(Exclusive Dispatch.)—A Times correspondent called on E. A. Stanton, brother of Philip A. Stanton, at his home in Bayonne, N. J., this evening and obtained from him a verification of the report that he had visited Col. Roosevelt and obtained from him a repudiation of the claim that Roosevelt's endorsement of Gifford Pinchot was speaking for Johnson as Roosevelt's emissary in California. Said Mr. Stanton: "Col. Roosevelt declared yesterday that he was taking no part in the California campaign and wiring my brother Phil to that effect, adding that nobody had been authorized to speak for him or represent him. Further than that, I have nothing to say. Col. Roosevelt has spoken, as usual, for himself."

ARIZONA RAINS INTERFERE.
TUCSON (ARIZ.) July 23.—[Exclusive
Dispatch.] Though the roads of the
Southern Pacific through Southern Ariz-
ona have been put in the very best
condition, the storms of the past week
have created washouts at many points
and the schedule has been disrupted
accordingly. There were breaks on the
main line west of Tucson, at several
points west of Tucson, and near Casa
Grande. The damage in Tucson has not
been severe, though river bottom gar-
dens were submerged, street crossings
were washed out, and the telephone
service was disrupted. Possibly the
most material damage was the flooding
of the city pumping station, wherein
a part of Elysian Grove was under
water, and damage was reported to
the costumes of a theatrical com-
pany now playing at that resort.

TRACTION ROAD OPEN.
STOCKTON TO SACRAMENTO.
STOCKTON, July 23.—[Exclusive
Dispatch.] The first car to be used on
the California Traction Interurban line
between this city and Sacramento ar-
rived today and others will be here
before regular service is inaugurated
on August 15. The style of cars to be
used on this run will be the finest elec-
tric coaches ever turned out and most
convenient for the passengers. The
road, which is now open, will be
made Sunday, when a party of officials
of the roads and a few invited friends
will leave Stockton for the capital city
to inspect the day. On Monday a large
party will come to Stockton from Sacra-

connecting Stockton with Sacramento
was driven Wednesday at Ames.

MAN SHOT IN COLD BLOOD.
Murder of Italian in Salt Lake Be-
lieved to Have Been Secret So-
ciety's Order.
SALT LAKE, July 23.—[Exclusive
Dispatch.] A man was shot down by a mysteri-
ous stranger in a black mask, because
he had failed in his obligation to an
Italian secret society, the officers de-
clared today in a statement issued in a
West First South street saloon early
this morning.
Piro's bride of five months ascribed
the crime to one of her former ad-
mirers. In Italian circles is believed
Piro was associated with an Italian
society in Newark, N. J., and that he
came to Utah five years ago to evade
its dictates. He lived for a time and
was married at Helper, Utah, where
he became a member of the coal min-
ers' union.
At 2 o'clock this morning, as Piro
was preparing to close the place, the
front door opened, the man, partially
masked, stepped inside while a second
man held the door open. The first man,
without a moment's hesitation, pointed
a revolver at Piro, who, between his
teeth, killing him instantly. The
murderer quickly stepped back
through the door and vanished. A colored
waiter, trying to call a billiard cue
in the back of the room was the only
witness of the crime.

day evening by Dr. J. J. Rosenberg
at his offices in this city with the
intention of performing an unlawful
operation, Dist. Atty. Cameron has
decided to have the grand jury in-
vestigate the affair.
"We are not convinced that heart
failure caused the girl's death," said
Dist. Atty. Cameron today. "We
think the case is one of manslaughter."
Dr. Rosenberg's action in spritzing
Miss Hall's body away in an auto-

of the day today on the witness stand,
she having followed her husband,
Percy Proctor, who is suing to enjoin
the transfer of \$40,000 worth of securi-

Uprising in Yagui Is Reported.
Leaders of Mob Are to Be Shot.
[ASSOCIATED PRESS NIGHT REPORT.]
DOUGLAS (ARIZ.) July 23.—
Reports reached this city this
evening of an uprising in Yagui,
a little hamlet south of the
Yaqui River, against the Chi-
nese. Several were killed, in-
cluding several Chinese women.
Their bodies were hacked to
pieces, in the rage of the mob
against the growing invasion in
the mercantile pursuits of
Mexico by the Chinese. The
rurales rounded up sixteen al-
leged leaders of the mob, who,
it is reported, are to be shot.

The sentiment was expressed by the
rurales that there should be no at-
tempt made to deprive the railroads of
anything that it is found they are en-
titled to.

MET DEATH IN COURTLY STYLE
Peculiar Murder Baffles New York Police.
May Have Been Secret Society Execution.
Victim Bares His Breast to Receive Bullet.
[BY DIRECT WIRE TO THE TIMES.]
NEW YORK, July 23.—[Exclusive
Dispatch.] The most courtly murder
ever done in Brooklyn occurred at
Sackett and De Graw streets at an
early hour this morning. Francesco
Pulitano and Antonio Levardi, spying
each other across the street, stopped,
bowed at and raised their hats to each
other with the courtesy of the true
Latin. They then approached each
other, saluting again on the way.
After a brief conversation, in which
no anger was displayed on either side,
Pulitano stepped back, raised his hat
and bowed to Levardi and threw open
his coat. He stood in an attitude of
defiance while Levardi drew a revolver
and fired one shot. Pulitano died im-
mediately and Levardi was arrested as
he started to walk away.
The police confess themselves utterly
baffled for reasons for the tragedy.
The men were laborers, unmarried,
and so far as can be discovered, no
woman or financial troubles figure in
the case.
Pulitano was but 25 years old and
Levardi is 30. If statements made by
acquaintances of the two men to the
police are true, they were friends
and are believed to be distantly re-
lated.
Witnesses say the two men, after
meeting, walked along the pavement in
quiet conversation for a moment and
then paused. Levardi seemed to be
asking a question of Pulitano.
The latter made the sign of a cross
upon his breast. He kissed his fingers
in affirmation. Levardi shrugged his
shoulders. Pulitano stepped back, shak-
ing his head. Levardi made a pas-
sionate gesture and drew a revolver.
Pulitano stepped back ten paces from
Levardi, threw open his coat and held
his shirt so that his chest was bare and
with hands at his sides awaited the
shot. It came promptly. Shot through
the breast, Pulitano fell half way
around and fell in his tracks.
Levardi walked away, his head bent
down. Policeman Murphy came run-
ning up and called to Levardi, who
halted. He put the gun back in his
pocket and his eyes were full of tears.
Levardi will not speak. The investi-
gators think it was an execution or-
dered by a secret society of which
both were members.

Italian secret society, the officers de-
clared today in a statement issued in a
West First South street saloon early
this morning.
Piro's bride of five months ascribed
the crime to one of her former ad-
mirers. In Italian circles is believed
Piro was associated with an Italian
society in Newark, N. J., and that he
came to Utah five years ago to evade
its dictates. He lived for a time and
was married at Helper, Utah, where
he became a member of the coal min-
ers' union.
At 2 o'clock this morning, as Piro
was preparing to close the place, the
front door opened, the man, partially
masked, stepped inside while a second
man held the door open. The first man,
without a moment's hesitation, pointed
a revolver at Piro, who, between his
teeth, killing him instantly. The
murderer quickly stepped back
through the door and vanished. A colored
waiter, trying to call a billiard cue
in the back of the room was the only
witness of the crime.

PROSECUTOR IS UNCONVINCED.
Young Oregon Physician and Dead
Girl's Sweetheart Must Answer to
the Grand Jury.
PORTLAND, July 23.—[Exclusive
Dispatch.] Asserting that they be-
lieve 18-year-old Vera Hall of Oregon
City was killed through the adminis-
tering of chloroform given last Sun-
day evening by Dr. J. J. Rosenberg
at his offices in this city with the
intention of performing an unlawful
operation, Dist. Atty. Cameron has
decided to have the grand jury in-
vestigate the affair.
"We are not convinced that heart
failure caused the girl's death," said
Dist. Atty. Cameron today. "We
think the case is one of manslaughter."
Dr. Rosenberg's action in spritzing
Miss Hall's body away in an auto-
mobile was suspicious, "We shall lay
the evidence before the grand jury."
Elmer Erickson, the dead girl's
sweetheart, who took her to Dr. Rosen-
berg's office, is jointly under investi-
gation with Dr. Rosenberg.

PROCTORS MAY COMPROMISE.
Baroness Has Private Talk With Hus-
band and Attorney—Trial Dis-
closes Marriage Bargain.
CINCINNATI, July 23.—[Exclusive
Dispatch.] She required her husband to
pledge a money consideration to bind
their marriage, the former Baroness
Von Kiliass occupied the greater part
of the day today on the witness stand,
she having followed her husband,
Percy Proctor, who is suing to enjoin
the transfer of \$40,000 worth of securi-
ties made over to the Baroness. The
Baroness declared vehemently that
she still loves Mr. Proctor, and that
the money consideration was only an
incident to the marriage.
During the recess of the court this
afternoon, Mr. Proctor and his wife
were in conference for more than an
hour, this being the first time they
have talked together for six months.
Lawrence Maxwell, Jr., counsel for
Proctor, was present at the interview,
and later Mr. and Mrs. Proctor came
into the courtroom smiling.
If overtures for a compromise in the
pending litigation were made only
these three know of it, and they re-
fused to comment on the subject.
The trial was not concluded today.

through his heart and killed him in-
stantly.
Officers of the University station
pressed the Central Police Station au-
tomobile into service, and put out a
dragnet for the murderer. He was
captured shortly before 1 o'clock this
morning, when he came out of a vine-
yard at Arlington and Adams street.
He did not deny the shooting, but
insisted that it was in self-defense,
when thought Allen was going to
shoot him.
Gratton has long been a bad reputa-
tion, and has insisted that he was
a bad man when a bronco buster, and
still has fighting ability. The threats
of the jealous husband have kept Al-

LIND FLIES TO WOODS.
Declines Democratic Nomination as
Governor of Washington, Then
Hides from Interviewers.
[ASSOCIATED PRESS NIGHT REPORT.]
EVERETT (WASH.) July 23.—Former
Gov. John Lind of Minnesota, Demo-
cratic nominee for Governor of that
State, refused today to discuss the
nomination further than to say that
his statement to the Associated Press
last night, in which he announced that
he would not accept the nomination,
contains his final decision.
To escape interviewers and messages
from Minnesota, the ex-Governor went
on a trip to the woods.
Mr. Lind, his wife and daughter will
sail from Seattle for Southeastern
Alaska on the steamship Humboldt
Sunday morning. They will remain in
the north two or three weeks, and on
returning will spend a day in Everett
and then go to California.

COURT MUST DECIDE MYSTERY
OF RAWN'S DEATH.
Coroner's Jury Returns Open Ver-
dict—Whether Railroad President
Died by His Own Hand Accidentally
or With Suicidal Intent Not De-
cided—Legal Fight Is Expected.
[BY DIRECT WIRE TO THE TIMES.]
CHICAGO (ILL.) July 23.—[Exclusive
Dispatch.] Court action to recover the
\$12,000 accident insurance held by Ira
G. Rawn, president of the Monon rail-
road, who was found dead with a bul-
let hole through his breast in his sum-
mer home in Winnetka, will be institu-
ted following the verdict of the Cor-
oner's jury, returned today.
The "open" verdict, which said that
the members of the jury did not know
whether the prominent railroad official
ended his life accidentally or with
suicidal intent, but that it looked like
suicide; will be the issue in the legal
battle.
Mrs. Rawn, the widow, reiterated her
former statement to the effect that
her husband did not commit suicide,
but insisted that if he was not shot
down by a burglar he met an acciden-
tal death.
Lips of the members of the Coroner's
jury were sealed after the return of
the verdict, which leaves the tragedy
still shrouded in mystery.
Nor a single member of the jury
consented to talk of the "verdict,"
that took place during their delibera-
tions. Apparently an agreement had
been reached among themselves to say
nothing.
The Coroner's jury returned its ver-
dict at 2:45 o'clock after being in ses-
sion since midnight, but it leaves the
mystery of the railroad chief's death
unresolved and it is likely that it will
be thrashed out in court. The fam-
ily is expected to sue for the claim
on the theory of murder or accidental
death. Testimony tending to discredit
both suicide and accidental theories
was offered by a majority of the five
jurymen.
FIGHTING SERIOUS FIRE.
Little Progress Is Made in Checking
Destructive Flames in Washing-
ton—Enormous Damages.
[ASSOCIATED PRESS NIGHT REPORT.]
SEATTLE, July 23.—Two sections of
timber land located about five miles
east of Cathlamet in Southwestern
Washington were burned over yester-
day in the most disastrous forest fire
that has yet broken out in this State.
Late today 140 men were bending
every effort to check the flames, but
according to a long-distance telephone
message received tonight by H. P.
Simons, chief fire warden of the
Washington Forest Fire Association,
little progress was made by the fire
fighters.
The fire is what is known among
woodsmen as a crown fire. It is burn-
ing in the tops of the trees instead of
along the ground.
CARLISLE IMPROVES.
NEW YORK, July 23.—Dr. Morris
Carlisle, physician to John D. Car-
lisle, former Secretary of the Treasury,
who is seriously ill here, tonight said
that his patient had steadily improved
since his arrival here and that no serious
developments were expected tonight.
NEGOTIATIONS CONCLUDED.
PITTSBURGH, July 23.—All differ-
ences between the Pennsylvania Rail-
road and its men on lines west of
Pittsburgh have been satisfactorily ad-
justed. This statement was made by
Gen. Manager L. B. Peck of the lines
west tonight, following the concluding
conference today of nearly three weeks'
negotiation.
NOT FOR NEW ORLEANS.
NIAGARA FALLS (N. Y.) July 23.—
A resolution introduced by John T.
Critt, president of the Good Roads
Association of Alabama, endorsing
holding the Panama Canal Exposition
at New Orleans, met with opposition
at today's session of the National
Good Roads Congress. After a sharp
colloquy it was hurried in committee.

FACTS, FEATURES AND FANCIES FOR WOMEN

BY OLIVE GRAY.

DAILY beauty hint: When the eyes feel dim from perspiration or lack of sufficient sleep, bathe them in a solution made by dissolving pure boric acid in water, using full saturation of the water, in preferably soft water. Bathe with absorbent cotton. This tends to brighten the eyes, as well as to relieve their smarting.

the toilet counter of one of the way stores there is a novelty featuring a little fountain whose spray is of rum water. The basin is made of a delicately colored art glass; the bowl is of handsome green bronze. The electric light illuminates the spray of the fountain.

AMERICAN PHYSICIAN IS GREAT POWER IN MEXICO.

Even Government Has Confidence in Quiet New York Who Enlists Vast Sums in Great Projects Which Develop Latent Resources South of the Rio Grande River.

CHIHUAHUA (Mex.) July 21.—Dr. F. S. Pearson of New York is perhaps the greatest individual, foreign, financial and industrial power in Mexico. The several corporations of which he is at the head having expended more than \$10,000,000 in the republic and their plans for the immediate future call for millions in additional investment. The men who are associated with Dr. Pearson are chiefly Canadian and English bankers. The hydro-electric plant they have installed at the falls of international river, near the City of Mexico, is one of the largest of its kind in the world. It already represents an investment of about \$4,000,000 and will, when completed, generate about \$5,000,000, gold, it is stated. In addition to the plant and transmission lines that reach to the City of Mexico, Pachuca, El Oro and Pachuca, Dr. Pearson and his associates own the electric tramways system in the capital of the republic and that in Puebla. Dr. Pearson also has a large share in the new trunk line, reaching from the United States border to the port of Aguilera, on the Pacific Coast of Mexico. The first intimation that the general public had of the railroad plans of Dr. Pearson and associates was when the official announcement was made that they had purchased the Chihuahua and Pacific Railroad, the Rio Grande, Sierra Madre and Pacific roads.

The new owners took over and merged these two properties under the name of the Mexico Northwestern Railroad. They obtained a concession from the government to extend the line south from Tijuana to a connection with the Chihuahua division at Matamoros, 118 miles. Construction of this extension will be finished some time in October. The line will be a double track, and the government has granted the Dr. Pearson interests to extend the railroad system west from Matamoros to El Tigre and thence south to the Pacific Coast, and to build a branch line from El Tigre to Conchagua, State of Sonora, where it will connect with the Yaqui River branch of the Sonora and Pacific Railroad.

Dr. Pearson and associates also acquired from the Cieneguilla Copper Company a concession to build a railroad from Aguila, Pachuca, to the Rio Grande, a connection with the El Paso-Chihuahua line, about sixty-five miles north of Matamoros. It is authoritatively announced that there will be no cessation in the construction work until the entire system as now planned is finished. It is claimed by engineers that the Aguilera line will be shorter and of lower grade than the Kansas City, Mexico and Orient, which is being built through the same part of Mexico.

The Mexico Northwestern system will aggregate about 1100 miles of track as now planned. The report that it will afford an outlet for the Rock Island to the Pacific Coast of Mexico lends additional interest to the project. Besides his vast electrical and railway interests in Mexico, Dr. Pearson is at the head of the largest lumber manufacturing enterprise in the republic. He and his associates own 2,000,000 acres of timber land situated adjacent to the Mexico Northwestern Railroad. This is said to be the largest privately owned timber holdings in the world. The lumber mills, having an aggregate daily capacity of 550,000 feet of lumber, are already owned by the Pearson interests at Matamoros, and plans have been adopted for the erection of several other mills. This 3,000,000-acre timber tract covers such a wide expanse of territory that parts of it have been explored by Dr. Pearson and his associates for wild game, such as deer, bear and many other kinds of animals. It is stated that in the rougher parts of the tract there have been discovered gold and silver veins.

Connected with the lumber manufacturing enterprise, Dr. Pearson and associates operate large turquoise mines. The most interesting of these is the San Mateo mine, which is said to be one of the richest in the world. The mine is situated in the State of Chihuahua, and is owned by Dr. Pearson and his associates.

Dr. Pearson is also a prominent figure in the social and political life of Mexico. He is a member of the Mexican Academy of Sciences, and has been honored with many titles and decorations. He is also a member of the Mexican Senate, and has been a member of the Mexican Congress.

3 YEARS ECLIPSE OF PROFITS

Your Manhattan Shirts

OPPORTUNITY-NOW

There are only two short periods in the entire year in which retail merchants are allowed to cut prices on Manhattan shirts. One of these periods began yesterday. And, in line with the "3 years' eclipse of profits" policy of this store, we have placed our entire stock of Manhattan shirts (including whites) on sale—at absolutely profitless prices. "E. & W." shirts are included, too. No man who knows Manhattan or "E. & W." shirts (and most men know them) needs to be told that this is a very unusual opportunity. The patterns are all this season's newest and choicest selections.

Here are the prices:

\$1.50 and \$2.00 Manhattan and "E. & W." Shirts... \$1.15

\$2.50 Manhattan and "E. & W." Shirts... \$1.65

\$3.00 Manhattan and "E. & W." Shirts... \$1.90

\$3.50 and \$4.00 Manhattan and "E. & W." Shirts... \$2.45

A black and white portrait of a man, identified as Rev. George A. Miller. He is shown from the chest up, facing slightly to the right. He has dark hair and is wearing a dark suit jacket over a white shirt and a dark bow tie. The portrait is enclosed in an ornate, oval-shaped frame with decorative flourishes at the top and bottom. To the left of the portrait, there is a small, stylized graphic element resembling a key or a decorative scroll.

COMMENTS ON THE INTERNATIONAL SCHOOL LESSONS.

Morgan, D.D.

"Who then?" that is, in view of the fact that the King is on His way to death. What is the law of greatness? If that inquiry was born as it most assuredly was, the burning spirit of power, it evidenced their perjury in the presence of the new world on the most serious sin, and in beauty and full of force. He placed a child in their midst as revealing the pattern of life in the Kingdom. He placed a pattern before the child not only in pattern, but test; and in words that reverberate in thunder even until this hour. He showed that to offend a man on the most serious sin, and to do it rather than do it, men should be prepared to mutilate themselves. The reason for this is that of the tender and gracious will of God, which is opposed to the perishing of one of the little ones.

Still continuing in answer to their inquiry concerning greatness. He suggested to them the expression of greatness. It is that of effort to restore a missing brother. Such a one is to be told of his fault privately and if still unwilling to be restored, to be told of it three times. If these are not heard, then a whole of the church is to bend its effort in the same direction. If he remains unrepentant, then he is to be expelled from the individual as the Gentile and the publican; that is, as one for the seeking and saving of whom all loss to be suffered. To make the Kingdom of greatness in the economy of a Kingdom of God.

This merging of the responsibility of the individual in the activity of the church is the true expression of the answer to the inquiry. Greatness is finally in the corporate life, and there is to be much more of it. It is to be an authority among the members of the church.

The inquiry of Peter concerning forgiveness springs out of this revelation. He is asking the question, "How can a man am I expected to be by his standards?" Shall I forgive seven times? And immediately after this his conception is revealed as Christ, living his own mathematical method, nullifies the stature of spiritual exaltation. He is to be forgiven seven times of Peter, much less by the three which usually exhausts human patience, but by the seventy times seven which is the law of the Kingdom of God, never taxed, nor can be. The race of the sons of the Kingdom in the purpose

This matter is of supreme importance, and our Lord, in content with a sublime manner, illustrated it, and accounted for it by a parable. The picture presents to our eyes a king who has been afflicted with a terrible disease, and is in the last stages of a voraging king. The Lord made use of the very expression which we so constantly find in the Bible, "his mind and heart toward him." The King was moved with compassion. The forgiven subject is his brother, and the fellow servant, and with the result that toward that unforgiving subject the King becomes angry. It is a terrible thing, but it is undeniable, that forgiveness received shall to have been the inspiration of forgiveness extended. If forgiveness was withheld, and the penalty exacted.

There can be no escape from this. The only way to finally end the emphatic declaration, "So shall to My Heavenly Father do unto you as ye forgive or not forgive one his brother." That declare on harmonizes exactly with the teaching of the Bible.

Christian Endeavor.

PREACHING BY POST.

Terms Committee for the Christian Endeavor: Topic for July 31st, "Most interesting Missionary Item."—(Pp. 4, 1-4; 2-4, 2-3-4)

By William T. Ellis.

The prayer text determines one's real interest in missions. If we love the world with all the assurance of the passion which Christ loved it, we shall pray for it, even as we almost involuntarily pray for those most dear to us. Expecting Christ and himself praying for all the world, his question is depth and sincerity of his devotion to that cause which was dearest to the heart of his Lord.

The Endreavor who is inclined to be
 a Christian, should follow in
 imagination, the missionaries of the
 South. Once he has entered hostile
 India with Carey, or penetrated Afri-
 ca with Moffat, or followed the
 Andromedæ and Mackey, or "burned out for
 good" with Martyn in Persia, or lived
 as a Chinaman with Gilmour, or
 followed the missionaries of the
 East with Brainerd and Elliot, or fol-
 lowed Allen Gardiner to martyrdom in
 China, he will find that he will count
 for nothing the hardships of
 life, and will long for opportunity
 to prove by great service his love for
 his gracious Savior.

The missionary skill. No small man must be a missionary, for the latter must be able to rise above race prejudices and above conditions of time and place. He must have the imagination to see a man's spiritual needs, regardless of his environment. The citizenship of men in sin and salvation must appeal to him more strongly than their differences in speech or color.

We read about educational missions and medical missions and missionary exploration, but we must not forget that underneath all is the one aim—bringing salvation to lost men.

The Kingdom of God was predominant in Paul's thought, and should be in ours. All our life should be one

A close-up, vertical view of the fore-edge of a thick, antique book. The pages are heavily aged, discolored, and worn, showing significant texture and damage. The binding material, likely leather, is visible along the right edge, appearing dark and cracked.

...commercial. Midway ...

the visible supply of American corn and cotton has been reduced by the war?—and when August comes, will the United States be able to supply a war year?

Impressed by a realization of yesterday's deliverable and the fact that the market has rather a large advance, the market here, the world has not realized that the acreage planted to a crop is normal and under a half million bushels, and that the world's conditions are not so good as they are stated. The suggested crop is 127,000,000 bushels, but the actual twelve months crop is 126,000,000 bushels. It is not so easy to make up for a shortage of American crop.

For his depleted condition in order to acquire a normal crop, the estimating of an exceedingly bullish new crop, and those who are usually believe it, consider it utterly impossible to believe it, and seem to conclude that there are no other alternatives.

ICE SECRETARIES. MAKES MISTAKE.

station seem to resent any requests for information from Secretary McKear of the Police Commission, and their conduct will be investigated.

The budget committee seemed amazed to find on the pay rolls a secretary of the commission and an assistant, an executive secretary to the chief, a secretary to the chief, a department secretary and several stenographers. One of the latter is "stenographer to the Police License Inspector."

"Who does he do?" asked Chairman Washburn.

"Rests and smokes," said Chief Gallows. "I could use him to advantage in my office."

The Police License Inspector is H. L. Vasey, against whom the chief has charges pending for unbecoming conduct. The chief said he hadn't asked the creation of the position and didn't know much about it.

The budget committee also sent a request for the attendance of the Humane Animal Commission members. They asked no appropriation to sustain the dog pound, but the committee wants to know what the commission did with the collected dog li- censes and turned over to it. Chairman Washburn is inclined to doubt the necessity for such expense.

Intimate friends of the committee, they asked no appropriation to sustain the dog pound, but the committee wants to know what the commission did with the collected dog li- censes and turned over to it. Chairman Washburn is inclined to doubt the necessity for such expense.

The committee seemed doubtful about appropriating \$25,000 for grime coping around the park. Silent tribute to the city's public li- cense comfort stations, substituting a request for half that amount for one station only. He suggested that, rather than postpone or abandon the plans for the improvement of the park, the appropriation of \$25,000 for Griffith Park be denied. So Chairman Washburn laughed and said probably both appropriations could be saved.

The Fire Department and Playground Commission will appear Monday before the committee.

Council Charitable.

The Council ended its session as a Board of Equalization yesterday by many reductions affecting charitable institutions. These had not been considered in open session, but were arranged by a special committee which visited the charities. The only disputed reduction was that of the Salvation Army, which was opposed by Betkouski and Whiffen, but after they were outvoted Betkouski's proposition of a reduction of \$10,000 was adopted. The corrected valuation figures will probably be announced by the assessor Monday.

To Improve Main Street.

The South Main Street Improvement Association has invited the Council to send a representative to the association meeting next Tuesday night to listen to a discussion of the improvement of Main street from Thirty-seventh street to the city limits.

The association finds that the Highway Commission gives an excuse for not prosecuting work on the San Pedro street from the city limits to the city limits. By improving Main street the association hopes to spur the county road work.

AT THE COURTHOUSE.

TWICE A WIDOW, DOUBLY RICH.

WILL OF SECOND HUSBAND IS ADMITTED TO PROBATE.

Mrs. Barrow-French Once More Inherits Large Estate, Making Her One of Richest Women in This County--Same Judge Distributed First Property.

To be the sole beneficiary of two estates valued in the aggregate at about two million dollars, and all within the space of about three years, is the luck achieved by Mrs. Emily S. Barrow-French, as shown by a proceeding in Judge Rives' court yesterday.

The case at bar was the admission to probate of the will of Eyrre Barrow-French, who died June 10 last, leaving her sole beneficiary of an estate valued at \$90,000. There was no contest, and the admission to probate of the instrument was a mere formality.

The largest asset of the estate left by Barrow-French was a narrow frontage of property between Second and Eighth streets, valued at \$50,000.

This was the second large estate that has been bequeathed to the widow of a city resident. On April 26 of that year the first husband of Mrs. Barrow-French, Dwight Whiting, died in this city, leaving the widow and two sons, Dwight and George N. Whiting. After the death of Whiting, a holographic will, containing half a dozen lines, written with a lead pencil and almost indecipherable, was found.

By its provisions all of the property, real and personal, belonging to Whiting, with the exception of \$100 each bequeathed to the two boys, was left to Mrs. Whiting, who afterward became Mrs. Barrow-French. She will not only have her everything, but declared that it should be hers "without the interference of any court in the land."

The final distribution of the estate was made by Judge Rives, March 21, 1910, who yesterday admitted the will of the second husband to probate. In fact, while Mrs. Whiting was administering on the estate of her first husband, she was already Mrs. Barrow-French.

Dwight Whiting was one of the wealthiest men in Southern California, having large holdings in Los Angeles and Orange counties, to say nothing of thousands of acres of valuable lands in Texas. One of his large holdings was the El Toro ranch in Orange county, and the total value of his estate was, according to the statement of Judge Rives, about \$2,000,000. The will of Whiting, which was admitted to probate, was a simple one, and the property was worth in excess of \$100,000.

According to the argument shown to represent the value of the estate secured by Mrs. Emily Barrow-French since the death of Whiting, she is easily one of the richest widows in Los Angeles county.

SENTENCED TO DEATH. FIGUEROA A COOL MAN.

With the same composure, nonchalance and unconcern that marked the conduct of George Figueroa during his trial on the charge of killing his wife, Sarah M. Figueroa, May 22, last, the convicted man yesterday heard the words of doom in Judge Willis' court. He will be hanged in San Quentin Friday, October 21.

To judge from his manner, he was the coolest of cool men, and in the courtroom, which was filled with an expectant crowd, eager to hear every word attending the last scene, so far as the courts of this county are concerned.

mumbled so that they could hardly be understood, but it was all Figueroa had to say.

As Judge Willis, who was deeply affected by the responsibility that had been placed upon him by the inexorable edict of the law, pronounced sentence, the prisoner stood with arms folded, looking straight at the court, but he made no sign. If he felt any fear he kept the fact well concealed.

Joseph F. Seymour, representing Figueroa, made a motion for a new trial, setting out a number of reasons why his client should be given another hearing, but Judge Willis overruled the motion, after Dist. Atty. Frederickson had informed the court that he had nothing to say in reply. The District Attorney stated that if he was addressing a jury he would take up the reasons set out in the motion, but under the circumstances, when he knew the rules that the court would apply to the various points that had been raised, he felt that it would be useless to say anything.

"Stand up, Mr. Figueroa," said Judge Willis.

The young prisoner was on his feet in a minute. "There was not the semblance of fear in his demeanor."

"Have you anything additional to say why the judgment of the court should not be pronounced?"

Figueroa looked appealingly at his counsel for a second, then answered: "I am not guilty."

Judge Willis, hearing the pleading of the defendant, referred to the reluctance with which he passed judgment, sentenced Figueroa to remain in the custody of the Sheriff of Los Angeles county, the ensuing ten days, when he is to be delivered to the warden of San Quentin, by whom he is to be hanged until he is dead on a day set by the court. The date was afterward set by Judge Willis.

Build Henry motioned to Figueroa that he was ready to accompany him downstairs to jail, and the incident was closed.

AFTER FORTY YEARS. VETERAN SEEKS DIVORCE.

"I do not propose that an old woman who is 75 years of age, and without means to care for herself, shall be deprived of the opportunity to make her defense in this court," said Judge Monroe yesterday, when he was asked to grant a divorce to a woman who had been married to a man for 40 years.

The plaintiff is 66 years of age, but the statement was made that he was but 60. "He must be more than 60," said the court. "I am 40 myself and I was too young to go into the army."

"Chase testified that he had married in Boston, Mass., and that they had lived together until 1907. At that time he was employed by the Southern Pacific at \$75 a month, when his wife left him. 'It was the second time she had quit,' said the old man, 'and I tried to get her to come back, but she refused.'"

It transpired that Chase is in receipt of a pension of \$12 a month, and the wife has succeeded in having the money held up for more than a year. It was stated afterward that Chase was employed by the Southern Pacific at \$75 a month, when his wife left him. "It was the second time she had quit," said the old man, "and I tried to get her to come back, but she refused."

"It was the second time she had quit," said the old man, "and I tried to get her to come back, but she refused."

Chase testified that he had married in Boston, Mass., and that they had lived together until 1907. At that time he was employed by the Southern Pacific at \$75 a month, when his wife left him. "It was the second time she had quit," said the old man, "and I tried to get her to come back, but she refused."

It transpired that Chase is in receipt of a pension of \$12 a month, and the wife has succeeded in having the money held up for more than a year. It was stated afterward that Chase was employed by the Southern Pacific at \$75 a month, when his wife left him. "It was the second time she had quit," said the old man, "and I tried to get her to come back, but she refused."

court yesterday in connection with the proposed contest of the will of Anniebell F. Dustin, who died recently, leaving an estate of about \$25,000 to be administered.

Mrs. Dustin, who was a widow, aged about 61 years at the time of her death, is a sister-in-law of Judge Dustin, and under the will that is being attacked by Eva Fae Owen, he is the principal beneficiary, his share being 250 shares of the capital stock of the American Book Company. The contest is given by Judge Dustin, who is the principal beneficiary, his share being 250 shares of the capital stock of the American Book Company. The contest is given by Judge Dustin, who is the principal beneficiary, his share being 250 shares of the capital stock of the American Book Company.

The grounds of the contest are that Mrs. Dustin at the time of the execution of the will was not of sound mind and disposing memory; that under the laws of Ohio, where the property was accumulated and is now, she could not legally give any part of her property except to the heirs of her husband, through whom her holdings came. It was stated in open court yesterday, however, that this last point will be abandoned by the contestant, relying upon the state of mind of Mrs. Dustin to set aside the instrument.

It also stated that there was an excellent prospect that the matter would be settled amicably without the action of the court. Judge Dustin is a contestant, and an offer has been made to withdraw the action that may be accepted. If not, the case will be up for trial on the 26th of the month.

Judge Willis, hearing the pleading of the defendant, referred to the reluctance with which he passed judgment, sentenced Figueroa to remain in the custody of the Sheriff of Los Angeles county, the ensuing ten days, when he is to be delivered to the warden of San Quentin, by whom he is to be hanged until he is dead on a day set by the court. The date was afterward set by Judge Willis.

Build Henry motioned to Figueroa that he was ready to accompany him downstairs to jail, and the incident was closed.

AFTER FORTY YEARS. VETERAN SEEKS DIVORCE.

"I do not propose that an old woman who is 75 years of age, and without means to care for herself, shall be deprived of the opportunity to make her defense in this court," said Judge Monroe yesterday, when he was asked to grant a divorce to a woman who had been married to a man for 40 years.

The plaintiff is 66 years of age, but the statement was made that he was but 60. "He must be more than 60," said the court. "I am 40 myself and I was too young to go into the army."

MCCORMICK'S SUCCESSOR.
Deputy District Attorney Veitch was temporarily appointed yesterday to take charge of the Police Court branch of the office, to succeed Paul J. McCormick, appointed a superior judge. Veitch obtained the votes of Deputies Doran and Hill. There is a great deal of work to be done by the deputies at the branch, but it is understood that Capt. Fredericks will not make a selection of a successor to McCormick for several days.

NEWS REPORTS FROM CORRESPONDENTS OF THE TIMES.

TELLS THE JURY HOW ACCIDENT OCCURRED.

Men, on Trial at Santa Ana, Charged
With Killing Wife by Throwing Gasoline Upon
Her, Denies Accusation and Calmly
Relates His Side of Case.

[BY DIRECT WIRE TO THE TIMES.]

Santa Ana, July 22.—(Exclusive) The jury in the trial of the man charged with killing his wife by throwing gasoline upon her, today heard the testimony of the man himself. He calmly related his side of the case, denying the accusation.

found none and lost a moment's time. She was around the fence. I ran along the fence and jumped over. She fell. I tried to smother the flames with my hands; some one threw me a quilt and I smothered them.

"When she was carried into the house, my wife kept repeating, 'Frank has murdered me,' and 'Frank, why did you do this to me?' I said, 'No, Ethel, I did not do it.'"

"How long after the burning was it before your own burns were attended to?" asked Attorney Bishop.

"Thirty minutes. I did not notice that I was in pain. I was paralyzed. I was so shocked."

"You loved your wife?"

"Yes."

"How much life insurance did you carry in favor of your wife?"

"Seventeen thousand dollars."

On cross-examination, Attorney E. J. Fleming showed Skelly that a \$200 policy in the Occidental Life and Accident Company was the one Skelly said he thought was for \$10,000. He said he had not read the policy, but he thought that should be a violent death it was for \$10,000.

It was this same policy the prosecution had put in as pointing to motive, there being a clause in the policy that should Mrs. Skelly die in a burning building Skelly should receive \$10,000. Skelly today declared his lack of familiarity with that policy.

Skelly's answers under cross-examination were given as quietly as were replies to the questions of his own attorneys.

Once only did the prosecution charge contradiction. Skelly testified he heard his wife tell Mrs. Everett it happened while filling the tank.

Attorney Fleming drew out the transcript of Skelly's testimony at the coroner's inquest, in which he had sworn that Skelly stated that he had not heard his wife say how it happened.

"I don't remember making that statement," said Skelly.

"You never had any trouble with your wife?"

"No, sir."

An rebuttal testimony against the statement of Mrs. Mary Aldrich of Long Beach, who said that Mrs. Skelly was careless in handling gasoline. Dist. Atty. Davis put on Mrs. J. T. Lewis, Mrs. A. D. Cleaver, and Mrs. C. W. Dimmock, mother and two sisters of the woman who was burned. They testified that Mrs. Aldrich said to them: "If Ethel had an accident, it was caused by the children monkeying with the stove, as Ethel was always so careful with the stove."

LAND AND SEA BOTH FOR FAITH.

SEED AND COMPASS USED IN ILLUSTRATIONS.

Alhambra Pastor, Known as a Strong Antagonist of the Higher Criticism, Delivers Sermon at the Methodist Camp Meeting, Trolley Company to Take People Home.

HUNTINGTON BEACH, July 22.—Striking words on faith were uttered this afternoon in a sermon delivered by Rev. J. H. McConnell at the Southern California Methodist camp meeting. He pointed to the faith of the farmer who deposits seed in the cold ground and believes that God will send the sunshine and the rain to give him an abundant harvest. He also laid stress on the faith of the mariner who sets sail for distant lands and believes in the seed and compass to bring him to the desired haven.

Mix conversions, developed after the sermon by the same preacher last evening.

Rev. Alexander Hardy, pastor of the Alhambra Methodist church, preached this morning. He is known in the conference as a defender of the faith and a sworn enemy of the higher criticism. People are still arriving. A throng is expected Sunday. The Pacific Electric is planning to carry the people home Sunday evening to Los Angeles and beyond after the sermon by Prof. McConnell.

MEMBERSHIP GROWS.

South Side Improvement Association of Ontario Campaigns for Both Men and Works.

ONTARIO, July 22.—The membership of the South Side Improvement Association, has now reached 100. Two teams are in the field campaigning for more. They are following the plans so successfully adopted by the Chamber of Commerce. One works on the east side of Euclid avenue, the other on the west side. President N. R. Richardson has appointed standing committees.

One of the first matters of importance undertaken by the association is that of obtaining an extension of the free mail delivery service to parts of the south side, which are at present without the limit service. A committee in consultation with Postmaster Berger obtained from him the information that he would do all in his power to get the service if the citizens would agree to put in good repair the sidewalks of the territory in which the mail service is desired. This will be done by the residents, and in addition a systematic method of trimming all shade trees that border the walks will be adopted.

F. S. Whittier, street contractor, has filed suit in the Superior Court at San Bernardino against John Rolles and J. Lerch, May E. Venable and R. E. Hutchins of this city for the collection of \$2,522, \$18.95 and \$9.44, the amount of street work done on property owned by them.

City Clerk Drackenkridge has received word of the death of his sister, Mrs. Julia B. Taylor, in Fort Wayne, Ind. She was a former resident of this city.

Soreness of the muscles, whether induced by violent exercise or injury, is quickly relieved by the free application of Chamberlain's Liniment. This liniment is equally valuable for muscular rheumatism, and always affords quick relief.

No Better Ready-Made Suits Than We Shall Offer at \$25

They were brought here with many others this season to sell for \$45, \$40 and \$35. No excuse is needed for the suits or for the new and lower price. How much better judgment to distribute these summer suits NOW, to be enjoyed by men who might feel like paying full value in midsummer—than to allow them to take the place of fresh, new merchandise next summer, even though we gained the difference in price. There are several hundred of these suits at this new price and we have them in regular, stout and long sizes.

See our 235 feet of show windows.

TODAY WE ARE SELLING ALL PANAMA HATS AT 1/4 OFF AND STRAW HATS 1/4 OFF. \$12 AND \$10 SUITS FOR MEN AND YOUNG MEN NOW ON SALE AT \$7.50. Attend this sale TODAY if possible; early buying has its advantage.

S.S.S. CURES BLOOD POISON

Contagious Blood Poison is the most powerful and destructive of blood disorders. It corrupts and vitiates the entire circulation, and manifests itself in the most hateful and loathsome symptoms, such as skin eruptions, mouth and throat, copper-colored spots, and even sores and ulcers on distant parts of the body. The poison causes the hair and eyebrows to fall and sometimes the finger nails come off and the entire glandular system attacked. No medicine can cure Contagious Blood Poison which does not rid the circulation of every particle of the insidious virus. The least bit left in the blood will break out afresh, when treatment is left off. S.S.S. is the real and certain cure; it goes into the blood and by removing a particle of the poison, and adding rich, healthy qualities to the circulation, forever cures this powerful disease. All who suffer with Contagious Blood Poison may cure themselves in the privacy of their own homes using S.S.S., and following instructions contained in our Home Treatment Book, which which we will send, together with any medical advice desired free to all who write. constipation permanently by proper personal co-operation with the beneficial effects of Syrup of Figs and Elixir of Senna, when required. The forming of regular habits is most important and while endeavoring to form them the assistance of Syrup of Figs and Elixir of Senna is most valuable, as it is the only laxative which acts without disturbing the natural functions and without debilitating and it is the one laxative which leaves the internal organs in a naturally healthy condition, thereby really aiding one in that way. To get its beneficial effects, buy the genuine manufactured by the California Fig Syrup Co. only, and for sale by all leading druggists. Syrup of Figs and Elixir of Senna is never classed by the well-informed with medicines which make extravagant and unfounded claims to cure habitual constipation without personal co-operation.

LAD DROWNS IN UMPQUA RIVER.

ATTACKED WITH CRAMPS WHILE RACING WITH FATHER.

Santa Ana Boy, Who Recently Went to Oregon to Meet His Parents, Loses Life While Swimming—The Reagan Will Case is Compromised. Foreclosure Suit.

SANTA ANA, July 22.—"Son Don was drowned in river while swimming today. Start home immediately." This telegram, received this morning by Deputy Assessor D. N. Kelly from William E. Chilson at Myrtle Creek, Or., brought the news of the death of Don Reagan. He was 15 years old. Recently he left Los Angeles, where he was attending military school, to go to Oregon to meet his parents, on their way home from a trip East. Don and his father had planned to go on a hunting trip to Oregon. The Chilson family lived at No. 618 Barton street, Santa Ana. Don was the only child. Dispatches from the north say the lad was drowned in the Umpqua River. The boy and his father were swimming a race across the river and it is supposed that the lad was taken with cramps.

The father, in an effort to save his son, was pulled under the water twice and at last had to leave him and make for shore to save his own life.

WILL CASE COMPROMISED.

A compromise settles the contest in the Julia A. Reagan will case. Mrs. Reagan left her property to her two daughters, Mrs. Emma L. Santa of Oakland and Mrs. Eliza Longacre of Los Alamitos. Reagan contested on the ground that he was entitled to half the estate. In the Superior Court today an agreement of settlement was filed. The Los Alamitos property is divided between Reagan, Greenman, Longacre, and Riverside property goes to Mrs. Santa. In addition Reagan is to receive \$1000.

Mrs. Annie Hoyt of Pasadena has begun suit to foreclose on a \$25,000 note for which a ranch of 800 acres at El Modena is security. The defendant is Francis Crawford of Pasadena, to whom the ranch was sold by Mrs. Hoyt two years ago.

The County Board of Equalization today denied the petition of the Pacific Electric for a reduction of \$18,000 in its assessment. The tax agent asserted the assessment made by W. M. Scott was too high in comparison with the Los Angeles one.

MARRIAGE LICENSES.

Marriage licenses: On July 22, Louis A. Havens, 22, of Tustin, and Esther M. Floden, 22, of Walnut, Neb.; Bert M. Carter, 22, of Berkeley, and Myrtle Parker, 22, of Oregon; Albert A. Babitt, 21, and Clara Greenman, 21, both of Riverside; Francis M. Lynch, 25, of Seal Gardens, and Jennie Grace Ratcliff, 22, of Los Angeles; Lester E. Hardy, 21, of Sacramento, and Arrie A. Flint, 22, of Sacramento. On July 22, Albion M. Miller, 23, and Alice I. McKay, 20, both of Long Beach; Americo Caselli, 26, and Marie M. Grant, 25, both of Los Angeles; Gordon H. Campbell, 21, and Grace V. Copeland, 18, both of Los Angeles. On July 22, James Stover, 21, of Lima, and Edith Barbason, 21, of Porterville.

MUSICAL WEDDING.

Corona Violinist is Married to Man from Illinois at the Congregational Church.

CORONA, July 22.—An appropriate and beautiful musical wedding was that of Mrs. Beale Bates local violinist, elder daughter of Mr. and Mrs. A. W. Bates, and Willard O. Rife of Urbana, Ill., which took place last evening in the Congregational Church. Rev. Chester Ferris officiating. Down the aisle following Will Livingston and Ira Long, the ushers, came twelve ladies in white from the Tuesday Musical Club of which the bride is a member, singing the "Bridal Chorus" from Lohengrin. Homer Grunn of Chicago was at the organ; Ralph Wylie of Los Angeles, violinist, and Mrs. Charles Hildreth of Corona pianist. Robert Jacques was ring bearer and Elizabeth Peria flower girl. The bride walked with her father who gave her away. She was attended by her sister, Miss Harriet Bates. The groom entered with his best man, Horace Armitage.

During the service Ramona Rollins of Los Angeles sang Schubert's "Serenade," with violin obligato by Ralph Wylie and Homer Grunn at the piano. Tannhauser march was played as the recessional, and Mendelssohn's Wedding March while the bride party stood in receiving line in the rear of the church.

The bride's gown was white net over silk, with carried bride roses, the tulle veil being carried with orange blossoms. The maid of honor wore pink silk mull and carried pink carnations.

These ladies from the Tuesday Musical Club were in the bride party: Misses A. R. Freeman, Van Kirk and Terpening, T. C. Jameson, Frizer, Wyatt and Harding; Misses Jacques, Greta Wyatt, Myrtle Newkirk, Marjory Wyatt and Findley. These flower children who took part were members of the bride's kindergarten class: Beth Trexler, Gladys Sparr, Florence Ware, Melvin Glenn, Cyrella Evans and Lucia Root.

The church was artistically decorated in green and white, the parlors where the guests assembled for the reception being in pink and green, myriads of pink, lovers' knots floating overhead on tiny wires.

After a trip Mr. and Mrs. Rife will return to Corona to remain for the present.

PALMS IN BUSINESS CENTER.

Fine Specimens, Twenty to Thirty Feet High, Planted Along Main Street, Riverside.

RIVERSIDE, July 22.—To help carry out the plans of Trees Without Root for the beautification of the business section, the work of transplanting huge palm trees along Main street has been started. Some fine specimens, from twenty to thirty feet in height, have been planted along the sidewalk line, in the business section of Main street, adding another distinctive attraction. These are set out four to a block, alternating with the mission lighting posts recently erected. It is believed that Riverside is the only city in the United States having its leading business thoroughfare bordered with palm trees.

Oranges are going out slowly from the Riverside district. For the past week the fruit shipments were sixteen cars of oranges and seven cars of lemons.

FIRST TRAIN ON NEW ROAD.

Two Thousand People Crowd Coaches at Opening of San Diego and Arizona Line.

[ASSOCIATED PRESS NIGHT REPORT.]

SAN DIEGO, July 22.—Nearly 2000 people today crowded the coaches of the first passenger train to be run over that portion of the San Diego and Arizona Railroad that has been completed. The route was from this city to the Mexican line, a distance of about fifteen miles, and thence ten miles into Mexico. John D. Spreckels, president of the road, and Señor La Roque, Lieutenant-Governor of Lower California, as well as other Mexican officials, were among the excursionists. A barbecue and speeches in Mexico were features of the affair.

COLTON.

COLTON, July 22.—After an unsuccessful attempt made by the local officers to locate the owners of the liquor which was consumed by them last Saturday, while it was being peddled by Steven Aparacio, it was decided to empty all of it onto the ground in the rear of the City Hall, as the officers performed their duty this morning. Miss Daphne Franklin and brothers, Kenneth and Norman, were tendered a farewell surprise party Wednesday evening at the home of their aunt, Mrs. O. L. Emery. They will leave soon to make their home at Escondido.

J. D. Rutherford, A. L. Seabrook and Frank Russell have returned from an automobile trip to Los Angeles.

FULLERTON.

FULLERTON, July 22.—Local shippers expect to send out 300 cars of tomatoes this season from Fullerton. Three packing-houses here are already preparing for the tremendous crop, and help is being engaged in advance to pack the vegetables. Tomato growers have had a good yield this season, and packing will probably begin about the latter part of August.

FATAL EXPLOSION.

NEEDLER, July 22.—H. H. Greenway, a Santa Fe freight engineer, was killed by the explosion of engine No. 867, one of the large freight types, near McClellan, early this morning. Fireman Coleman is thought to be fatally injured.

EIGHT BUILDINGS BURNED.

Fire at Coalings Entails Loss of Fifty Thousand Dollars—Several Men Are Injured.

[ASSOCIATED PRESS NIGHT REPORT.]

COALINGA, July 22.—In a fire that burned a block in the business section of the city late this afternoon, causing a property loss of \$50,000, two men were severely burned and several were slightly injured. Eight buildings were totally destroyed.

The injured men are William Owens, driver for a local transfer company and Fire Engine Driver Nolan. Owens went into the transfer office to remove some papers and was overcome by the heat. He was carried to a hospital and is not expected to live. Nolan sustained a severe burn on his right hand. The principal losses are:

Coalings Opera-house, \$12,000; Times building, owned by W. J. Kilby, \$7000; Times newspaper plant, \$14,000; fire house, \$1000; public library; W. F. Hammon, grocery store; Cushman's paint shop; Hamford-Coalinga Laundry; Plannan's Dye-Works. The co-operative offices of the Times building, including the Western Union Telegraph Company, suffered a total loss.

An explosion of gasoline in the Fleaman Dye Works caused the fire. Owing to a light water pressure, the fire department was greatly hampered.

LOMOTIVE HITS HEARSE.

Coroner Van Wile received a letter from Los Angeles this morning stating that the remains of Benjamin H. Banks, who perished at Balch, on the desert, last week, was a Los Angeles man and leaves a widow and several children. The body was a member of Lodge No. 3, Fraternal Brotherhood, of Los Angeles, and carried \$2000 in insurance in that order. Banks was dead beside the Salt Lake right of way, by a train crew. After the inquest at Kelo he was given novel burial, a locomotive being his hearse.

PAID TO AGENT.

The jury in the case of P. B. Buck of upland, charged with rape in connection with a Dunker girl's downfall, failed to agree and was discharged this afternoon. The prisoner denied the girl's charges. The defense showed that the girl had written a letter to Buck asking for a bicycle and explaining she would lie to her mother as to where she got the wheel.

Coroner C. D. Van Wile was summoned to Yucapita this afternoon to hold an inquest upon a Mexican child, run over by a wagon.

Ex-Secretary of the Treasury John G. Carlisle, who for several years has been practicing law in New York City, is seriously ill at the Hotel Wolcott. The nature of the illness has not been

Development of Southern California
Their Theme.

The annual banquet of the Southern California Chamber of Mines and Oil was held in one of the banquet rooms of the Los Angeles Hotel, and probably the most successful and profitable of the kind ever held in the city. The guests were seated at tables and several smaller ones in the center of the big hall. The tables were decorated with flowers and the guests were served with a sumptuous dinner. It was about 8:30 when the guests were seated, and after a few minutes the banquet was in progress. The speaker of the evening, Mr. J. A. O'Donnell, president of the Chamber of Mines and Oil, gave the opening address. He spoke of the importance of the mining industry in California and of the need for the development of the state's resources. He also spoke of the need for the cooperation of the government and the people in the development of the state's resources. Mr. O'Donnell's address was well received by the guests. After the address, the guests were entertained by a series of musical numbers. The evening closed with a dance. The banquet was a great success and the guests enjoyed it very much.

ONE GREAT FARM
Antonio Lozano, Mexican, who has been in this city for many years, has just purchased a large tract of land in the San Gabriel Valley. The tract is about 100 acres and is situated in a beautiful spot. Mr. Lozano plans to develop the tract into a great farm. He has already begun to plant fruit trees and to build a house on the tract. He expects to have the farm ready for occupancy in a few months. The farm will be a great asset to the community and will provide a home for many people.

BY F. J. DYER.

It is needless to say that McKinlay was indignant at such a charge. He spoke to Gus Gardner of Massachusetts, chairman of the caucuses, to Victor Turdick, of E. A. Hayes to San Jose and to other prominent surgeons, and they sent him a letter in which they distinctly absolved him of any suspicion of bad faith. When McKinlay gets on the stump out in California he is assailed by all sorts of other insinuations against him, and he will keep Kent, the millionaire political dilettant, and Pinchot, the disinterested expert of scientific propaganda busy explaining their misdeeds. McKinlay is a fighter through and through. He has had to fight his way through the world, having been forced to earn his living when he was a mere lad, and he has fought for his country and for a living, fought to get admitted to the bar, fought for his political honors, fought in the interests of Taffet and good government, fought every inch of his way to station in the world, in the interests of his district, and now he is in a fight for his own political future. It will be an interesting campaign, and as the world loves a fighter it will be a very problematical regarding the outcome.

VACATIONS

Two members of the Cabinet have decided to enjoy their vacation in Alaska, a land which has great attractions for the man seeking recreation and amusement. Secretary Nagle of the Department of Commerce and Labor, accompanied by Atty.-Gen. Wickersham, expects to go on a series steamship Albatross from Seattle, or perhaps have already sailed, for Alaska, to enjoy a rest from the cares of office and look into some matters in which both are officially interested. It is not what they will do or attempt to do too much work, for he is an indefatigable worker, the Attorney-General decided not to take along even a stenographer. He will improve the opportunity to get better acquainted with conditions in the Far North, and to learn at first hand some of the reasons the dissensions which always are arising there over Federal patronage.

Secretary Nagle is very fond of outdoor life, and likes to sail a boat, swim, walk, play tennis, and in short to enjoy himself in almost any way in the open. But he has no spare time. He is in charge of the four main departments or bureaus in his charge, which he will give some attention to. One is the lighthouse service, which has been recently reorganized. There are a number of new lights to be erected in Alaska, and he will visit all of them. He will visit the Aleutian islands to find out all he can about the best manner in which to conserve the fisheries. He will pay some attention to immigration matters.

It is understood that before returning to Washington the Secretary will visit the Yukon.

testimony. He will try to learn some
thing more about the charges against
Har North, who is accused of being
too easy in letting in Hindu immi-
grants. North has filed a long answer
to these charges, but nothing has
been given out at the department re-
garding it. • The Secretary will mak-

inquiries. It is understood, about the admission of hundreds of Chinese and Japanese afflicted with the incurable disease of the eyes, trachoma. Their continued to be smuggling in Chinese and Japanese from the Canadian and Mexican borders, notwithstanding the fact that the force of inspectors has been steadily increased, and the Secretary will look into that and try to learn whether it is possible to stop the legal traffic entirely. He said that there is a great deal of help for the Secretary to do, and his trip will not be given over entirely to enjoyment. It is likely that some shipping question

BIG NICARAGUAN CONCESSION
 Californians are at the head of a big company which has vast concessions in Nicaragua. This concession, having been ratified by the Congress of the country, is the largest ever made and it is difficult to doubt he protection by whichever faction finally secures control of the country. The Company General of Central America is a company with a capital of \$12,500,000, controlling interest in which is held by James Deitrick, who is well known in San Francisco, Oakland, Los Angeles, Fresno and, in short, throughout the West.

The Pacific Coast business men who are to visit China next fall will be escorted by Chinese merchants and officials to the manufacturing and shipping centers including Shanghai, Nanking,

BY WALTER J. BALLARD

N LESS than four months the Republican party will again be in the election of almost all the people in the election of eight Republicans to the House of Representatives. Doubtless then, as in 1896, 1898, 1900, 1902, 1904, 1906 and 1908—seven consecutive Congressional elections—that support will be renewed, because the Republican party is and always has been the party of progress, not necessarily to dig into ancient history to prove that assertion. The record of the two sessions which have been held of the sixty-first Congress tells the story, and tells it well. Practically all the pledges made in the platform adopted by the Republican National Convention in 1908 were redeemed. The one exception not carried out is that favoring legislation to develop our merchant marine, but that will

come up again. It is probable that the Republican party went to the polls two years ago have been redeemed in little more than one year of the administration of the Congress in an extraordinary session and one regular session. In important legislation, as well as in the voluntary work done, the sixty-first (Republican) Congress is without a parallel.

The record of the two sessions following passage of the Payne tariff bill, revising rates of duty and providing a dual tariff system, whereby the United States has secured minimum rates from every civilized nation. Already this has led to increased exports to several countries, and has so increased the demand for our manufactured materials that our factories generally are busy and more wages being earned.

Excise tax income for the first year of the session, consisting of 1 per cent. yearly on their net profits, above \$5000. So far, collections under this tax, collected from the United States, the country have exceeded \$22,000,000 for this year with about \$3,000,000 more yet to be collected under strange skies and in far-reaching horizons. It is a far more respected; by just dealing with intelligent labor, by a genius of surprise, it has seen the country's resources, and the resources of regions unknown to our fathers.

STORIES OF ROOSEVELT

Presented Reward of Merit

When Theodore Roosevelt went to Harvard he was true to his tradition in looking about for a church to attend. As a No Dutch Reformed Church, he rolled himself on the list of the Episcopal Church, and when he attended a Sunday-school class he was the only one who had not stilled one of the boys' candy black eyes. Before that time

SCENES AND SPOOLS

When Garrison's Are Near
Illian Circles Absorb
Bachelors.

There are two distinct forms of social life. That of the large cities, and that of the smaller towns. What obtains in smaller, rural, posts.

That of the large posts is only a side issue, a copy of the forward in the subject. The chief distinction is that the money and more of the management. There are luncheons, teas, and other social gatherings in no respect from the social except that uniforms are not worn, though not invariably, worn. There is no social life, but by no means so likely to have time as when the station is from a large center. In the cities, the social life is to a considerable extent. The cities and belles monopolize the attention of the unmarried bachelors. The cities are known as "brevet bachelors" with the post routine, the military to find more interest in having a social life. The cities stand upon the military life. And the civilian's wife and can often entertain more than the military officers. Also, though one might think to marry for money, the cities are said against so much to give more than a husband. And the cities are in cities than in the cities.

Speaking seriously of the cities, officers are in the cities. There are many, sorry examples of a lieutenant's pay. It can scarcely ask a girl to marry, he has only a lieutenant's pay. The cities are in the cities.
